

Oral Health Education Teacher Resource Manuals and Kit - Overview

Oral Health Education Teacher's Resource Manuals

- Designed to assist teachers with helping students achieve good oral health (Kindergarten to Grade 3)
- The manuals meet learning outcomes of Alberta Learnings Program of Studies in Health and Life Skills.
- Click to download for:
[Kindergarten Manual](#)
[Grade 1 Manual](#)
[Grade 2 Manual](#)
[Grade 3 Manual](#)
- Receive **free toothbrushes**!! Teach a lesson and complete the evaluation form *Evaluation of Teacher's Resource Manual for Oral Health* [Click here for a copy.](#)
- The completed evaluation form can be emailed to OralHealthEducation@albertahealthservices.ca

Oral Health Education Teacher's Resource Kit

- Kits complement the Teacher's Resource Manuals
- Loan Time- 2 weeks at a time through your School Nurse or the Community Oral Health Administrative Secretary at OralHealthEducation@albertahealthservices.ca
- Kits will be distributed to your School Nurse's Health Centre and then brought to the school. If there is concern about this method of distribution please contact us.
- A CD of the Teacher's Manual is also included in the kit.
- When teachers borrow the kit an email to confirm time/dates will be sent to your School Nurse. It will contain an electronic *Evaluation of Teacher Resource Tool Kit for Oral Health* - Teachers can fill it out and send it back to receive **free toothbrushes** for their class. See next page for a paper copy.
- A great time to include oral health is during the month of April, which also happens to be Dental Health Month!
