

Home Safety for Professionals Supporting Families Online Workshop

Join us in this free 3-hour workshop delivered by a health promotion facilitator.

Injury is the leading cause of childhood death and disability in Canada. Fortunately, research shows that home safety support from a trusted professional can empower families to build safe spaces for their children and reduce the risk of life altering injury.

This interactive workshop will help professionals:

- Understand local injury trends for children
- Use harm reduction to support families living in a variety of situations
- Educate families on child safety using simple and engaging strategies

* Anyone can register for this workshop; however, it will be targeted towards professionals that work with families.

Online Workshop Schedule

Dates	Time	How to Register
Thursday, September 25, 2025	9 a.m. - 12 p.m.	Zoom Registration
