Education that supports your health and your life

South Zone • 2021 Workshop Guide

The Alberta Healthy Living Program (AHLP) offers free workshops and one-on-one sessions to help you better manage and/or support someone with a chronic condition.

For more information or to register, call
1-866-506-6654 (Lethbridge & rural area)
1-866-795-9709 (Brooks, Medicine Hat & rural area)
Education empowers you

You can live healthier by learning what changes can help you feel better and more confident about managing a chronic condition.

It could be small changes, such as watching what and how much you eat or adding physical activity to your day. Or it could be big changes that involve understanding your emotions and how they can affect your health.

The AHLP helps you discover changes—big or small—that will help you live healthier and learn to confidently manage your health.

**Who it’s for**

AHLP workshops are for Albertans interested in learning how to prevent or manage a chronic condition. Family, friends and caregivers are also welcome to attend. We require participants to be:

- Capable of participating in group settings
- Able to understand basic English
- At least 18 years of age or older

**Learn to live healthier**

Workshops in this guide are designed to help you learn how to prevent/manage a chronic condition and live healthier. Workshops vary by community, but in general cover:

- Disease-specific education for conditions such as diabetes, obesity, high blood pressure and more
- General health topics such as nutrition, reducing stress and sleeping well
- Supervised exercise programs

Workshops are led by healthcare professionals including health educators, registered dietitians, registered nurses and exercise specialists.

**Note:**

As of 2021 all workshops are only offered virtually over Zoom.
### Getting Started with Weight Management

**Sessions**
1

**Who it's for**
Anyone who wants to explore the topic of weight and health.
