33 Street SW

WHEREAS I, an **Executive Officer** of **Alberta Health Services**, have inspected the above noted premises pursuant to the provisions of the Public Health Act, RSA 2000, c. P-37, as amended;

AND WHEREAS such inspection disclosed that the following conditions exist in and about the above noted premises which are or may become injurious or dangerous to the public health or which might hinder in any manner the prevention or suppression of disease, namely:

- a. No water utility service was provided to the rental premises, as the water service had been disconnected and the water meter had been removed.

AND WHEREAS such inspection disclosed that the following breaches of the Public Health Act and the Housing Regulation, Alberta Regulation 173/99, and the Minimum Housing and Health Standards exist in and about the above noted premises, namely:

- a. No water utility service was provided to the rental premises, as the water service had been disconnected and the water meter had been removed. This is in contravention of section 9 of the Minimum Housing and Health Standards which states that: "Every building used in whole or in part, as housing premises must be supplied with a potable water supply of sufficient volume, pressure and temperature to serve the needs of the inhabitants. (a) All hot running water shall be maintained at a temperature of not less than 46 degrees C (114°F), and not more than 60 degrees C (140°F) measured at the plumbing fixture."

NOW THEREFORE, I hereby **ORDER** and **DIRECT**:

1. That the Owner immediately undertake and diligently pursue the completion of the following work in and about the above noted premises, namely:
 - a. Restore water utility service to the housing premises to ensure a potable water supply of sufficient volume, pressure, and temperature to meet the needs of the occupants.
2. The work referred to in paragraph 1 shall be completed by **12 pm on July 13, 2026**.

The above conditions were noted at the time of inspection and may not necessarily reflect all deficiencies. You are advised that further work may be required to ensure full compliance with the Public Health Act and regulations, or to prevent a public health nuisance.
