

ORDER OF AN EXECUTIVE OFFICER NOTICE OF CLOSURE

To: Charity Bath
"the Owner"

RE: The food establishment located in Mossleigh, Alberta and municipally described as:
Coffee? - CGY-1732
713 Railway Avenue, Mossleigh, AB, T0L 1P0

WHEREAS I, an **Executive Officer of Alberta Health Services**, have inspected the above noted premises pursuant to the provisions of the Public Health Act, RSA 2000, c. P-37, as amended;

AND WHEREAS such inspection disclosed that the following conditions exist in and about the above noted premises which are or may become injurious or dangerous to the public health or which might hinder in any manner the prevention or suppression of disease, namely:

- a. No hot water supply was available at hand washing sink.
- b. Inadequate hot water pressure and temperature measured at the 2-compartment sink.
- c. Ventilation canopy filters had a significant amount of grease accumulation.
- d. Annual bacteriological water samples were not submitted to an approved laboratory as required by the food handling permit.

AND WHEREAS such inspection disclosed that the following breaches of the Public Health Act and the Food Regulation, Alberta Regulation 31/2006 and the Food Retail and Foodservices Code exist in and about the above noted premises, namely:

- a. No hot water supply was available at hand washing sink. This is in contravention of the Food Regulation, AR31/2006, section 17(1)(f)(i), which stated that: An operator must ensure that, before operation of the commercial food establishment commences, the commercial food establishment is supplied with hot and cold running water that is safe for human consumption and available in quantities sufficient to meet the needs of the commercial food establishment.
- b. Inadequate hot water pressure and temperature measured at the 2-compartment sink. This is in contravention of the Food Regulation, AR31/2006, section 17(1)(f)(i), which stated that: which stated that: An operator must ensure that, before operation of the commercial food establishment commences, the commercial food establishment is supplied with hot and cold running water that is safe for human consumption and available in quantities sufficient to meet the needs of the commercial food establishment.

- c. Ventilation canopy filters had a significant amount of grease accumulation. This is in contravention of the Food Regulation, AR31/2006, section 28(2), which stated that: commercial food establishment, all equipment and utensils in it and all surfaces in it with which food comes into contact must be maintained in a sanitary condition and, without limiting the foregoing, must be washed and sanitized in a manner that removes contamination.
- d. Annual bacteriological water samples were not submitted to an approved laboratory as required by the food handling permit. This is in contravention of the Food Regulation, AR31/2006, section 9(1), which stated that: A regional health authority may make the issue or renewal of a permit subject to restrictions on the type of food that, or the manner in which any type of food, may be served, manufactured, processed or stored, and any other terms and conditions the regional health authority considers to be appropriate.

AND WHEREAS, by virtue of the foregoing, the above noted premises are hereby declared to be **Closed**.

NOW THEREFORE, I hereby **ORDER** and **DIRECT**:

- 1. That the Owner immediately close the above noted premises.
- 2. That the Owner immediately undertake and diligently pursue the completion of the following work in and about the above noted premises, namely:
 - a. Ensure hot running water supply is available at hand washing sink.
 - b. Ensure potable hot and cold water at a suitable pressure must be available at all sinks.
 - c. Clean the ventilation canopy filters.
 - d. Submit a bacteriological water sample.
- 3. That until such time as the work referred to above is completed to the satisfaction of an Executive Officer of Alberta Health Services, and the water sample submitted under 2 (d) is shown to be satisfactory; the above noted premises shall remain closed.

The above conditions were noted at the time of inspection and may not necessarily reflect all deficiencies. You are advised that further work may be required to ensure full compliance with the Public Health Act and regulations, or to prevent a public health nuisance.
