RE: The food establishment located in Chestermere, Alberta and municipally described as:
North Indian Spice House, 160 Lakeview Shores Court

WHEREAS I, an **Executive Officer** of **Alberta Health Services**, have inspected the above noted premises pursuant to the provisions of the Public Health Act, RSA 2000, c. P-37, as amended;

AND WHEREAS such inspection disclosed that the following breaches of the Public Health Act and the Food Regulation, Alberta Regulation 31/2006 and the Food Retail and Foodservices Code exist in and about the above noted premises, namely:

- a. The hand sink was not equipped with soap and paper towel for handwashing, boxes of potatoes were stored directly on the floor, the ventilation canopy appeared inadequately sized to effectively remove vapours and fumes, and there was no approved sanitizer available. The business was operating without a valid and subsisting food handling permit from Alberta Health Services, which is in contravention of section 3(1) (a) (b) which states that no person shall operate a food establishment unless the person is an operator who holds a valid and subsisting permit for the operation of the food establishment, and the food establishment is identified on the permit as approved by the regional health authority that issued the permit.

AND WHEREAS, by virtue of the foregoing, the above noted premises are hereby declared to be **Closed**.

NOW THEREFORE, I hereby **ORDER** and **DIRECT**:

1. That the Owner immediately close the above noted premises, cease all commercial food handling activities and take down all advertisements, including online and other sales platforms.
2. That the Owner immediately undertake and diligently pursue the completion of the following work in and about the above noted premises, namely:
 - a. Obtain a valid food handling permit from Alberta Health Services.

3. That until such time as the work referred to above is completed to the satisfaction of an Executive Officer of Alberta Health Services; the above noted premises shall remain closed.

The above conditions were noted at the time of inspection and may not necessarily reflect all deficiencies. You are advised that further work may be required to ensure full compliance with the Public Health Act and regulations, or to prevent a public health nuisance.
