

ORDER OF AN EXECUTIVE OFFICER Boil Water Order

To: Scoops and Snacks Inc.
"the Owner"

RE: The Drinking Water Supply located in Bragg Creek, Alberta and municipally described as:

Scoops and Snacks
44 White Avenue

WHEREAS I, an **Executive Officer** of **Alberta Health Services**, have inspected the above noted drinking water supply pursuant to the provisions of the Public Health Act, RSA 2000, c. P-37, as amended;

AND WHEREAS such inspection disclosed that the following conditions exist in and about the above noted drinking water supply which are or may become injurious or dangerous to the public health or which might hinder in any manner the prevention or suppression of disease, namely:

- a. Water supplying the premise may be unsafe for human consumption as indicated by a water sample collected on July 6, 2021 showing the presence of Total Coliform bacteria per 100 mL.
- b. Water supplying the premise may be unsafe for human consumption as indicated by a water sample collected on July 8, 2021 showing the presence of 1 Total Coliform bacteria per 100 mL.

AND WHEREAS such inspection disclosed that the following breaches of the Public Health Act Food Regulation, Alberta Regulation 31/2006 and the Food Retail and Foodservices Code exist in and about the above noted food establishment, namely

- a. Water supplying the premise may be unsafe for human consumption as indicated by a water sample collected on July 6, 2021 showing the presence of Total Coliform bacteria per 100 mL which is in contravention of the Food Regulation Section 17(1)(f)(i) which states "an operator must ensure that, before operation of the commercial food establishment commences, the commercial food establishment is supplied with hot and cold running water that is safe for human consumption and available in quantities sufficient to meet the needs of the commercial establishment.
- b. Water supplying the premise may be unsafe for human consumption as indicated by a water sample collected on July 8, 2021 showing the presence of 1 bacteria per 100 mL which is in contravention of the Food Regulation Section 17(1)(f)(i) which states "an operator must ensure that, before operation of the commercial food establishment commences, the commercial food establishment is supplied with hot and cold running water that is safe for human consumption and available in quantities sufficient to meet the needs of the commercial establishment.

AND WHEREAS by virtue of the foregoing, the above noted Drinking Water Supply is hereby declared **unfit for human consumption**;

NOW THEREFORE, I hereby **ORDER** and **DIRECT**:

1. That the Owner immediately issues a Boil Water Advisory to all users of the above noted Drinking Water Supply.
2. That the Owner immediately undertake and diligently pursue the completion of the following work in and about the above noted drinking water supply, namely:
 - a. Post do not drink advisory signs next to all water fixtures that are accessible to the public.
 - b. Provide potable water from an approved source or provide water that has been boiled for one minute to patrons or staff until the drinking water is deemed safe for human consumption by an Executive Officer of Alberta Health Services.
 - c. Provide hand sanitizer of at least 60 % alcohol content at all hand-washing sinks for the disinfection of hands after they are washed.
 - d. Ensure that all food processing and preparation is done with potable water from an approved source.
 - e. Assess the water system to identify any potential causes of contamination and conduct any maintenance required.
 - f. Clean and disinfect the cistern supplying water to Scoops and Snacks, as well as the water distribution system.
 - g. Refill the cistern with potable water and submit a water sample after completing the work described in 2(e) and (f) to demonstrate the water is potable.
3. The work referred to in paragraph 2 (a) – (d) shall be completed immediately.
4. The work referred to in paragraph 2 (e) to (g) shall be completed by July 19, 2021.
5. That, until such time as the work referred to in paragraph 2 is completed to the satisfaction of the undersigned, or an executive officer of Alberta Health Services, and the water sample submitted under paragraph (g) is shown to be satisfactory, that this order shall remain in effect.

The above conditions were noted at the time of inspection and may not necessarily reflect all deficiencies. You are advised that further work may be required to ensure full compliance with the Public Health Act and regulations, or to prevent a public health nuisance.
