

ORDER OF AN EXECUTIVE OFFICER Boil Water Order

To: Bissell Centre
"the Owner"

RE: The Drinking Water Supply located in Parkland County, Alberta and municipally described as: Moonlight Bay Centre, 1204 – 53102 Range Road 40, Wabamun, AB T0E 2K0

WHEREAS I, an **Executive Officer of Alberta Health Services**, have received a report about the above noted drinking water supply pursuant to the provisions of the Public Health Act, RSA 2000, c. P-37, as amended;

AND WHEREAS such report disclosed that the following conditions exist in and about the above noted drinking water supply which are or may become injurious or dangerous to the public health or which might hinder in any manner the prevention or suppression of disease, namely:

- a. Water supplying the premises may be unsafe for human consumption as indicated by a water sample collected on September 15, 2026, that showed the presence of Total Coliform bacteria.
- b. Water supplying the premises may be unsafe for human consumption as indicated by water sample collected on September 17, 2026, that showed the presence of 1 colony forming units (CFU) of Total Coliform bacteria per 100mL.
- c. Water supplying the premises may be unsafe for human consumption as indicated by water sample collected on September 17, 2026, that showed the presence of 2 colony forming units (CFU) of Total Coliform bacteria per 100mL.
- d. Water supplying the premises may be unsafe for human consumption as indicated by water sample collected on September 17, 2026, that showed the presence of 3 colony forming units (CFU) of Total Coliform bacteria per 100mL.

AND WHEREAS such report disclosed that the following breaches of the Public Health Act Nuisance and General Sanitation Regulation, Alberta Regulation 243/2003 exist in and about the above noted Drinking Water Supply, namely:

- a. Water supplying the premises may be unsafe for human consumption as indicated by a water sample collected on September 15, 2026, that showed the presence of Total Coliform bacteria which is in contravention of the Nuisance and General Sanitation Regulation Section 11, which states "Where a person provided a source of water that the person intends to be used or realizes or ought to realize will be used by the public for human consumption, the person shall ensure that the water is potable".
- b. Water supplying the premises may be unsafe for human consumption as indicated by a water sample collected September 17, 2026, that showed the presence of 1 colony forming units (CFU) of Total Coliform bacteria per 100 mL which is in contravention of the Nuisance and General Sanitation Regulation Section 11, which states "Where a person provided a source of water that the person intends to be used or realizes or ought to realize will be used by the public for human consumption, the person shall ensure that the water is potable".
- c. Water supplying the premises may be unsafe for human consumption as indicated by a

water sample collected September 17, 2026, that showed the presence of 2 colony forming units (CFU) of Total Coliform bacteria per 100 mL which is in contravention of the Nuisance and General Sanitation Regulation Section 11, which states “Where a person provided a source of water that the person intends to be used or realizes or ought to realize will be used by the public for human consumption, the person shall ensure that the water is potable”.

- d. Water supplying the premises may be unsafe for human consumption as indicated by a water sample collected September 17, 2026, that showed the presence of 3 colony forming units (CFU) of Total Coliform bacteria per 100 mL which is in contravention of the Nuisance and General Sanitation Regulation Section 11, which states “Where a person provided a source of water that the person intends to be used or realizes or ought to realize will be used by the public for human consumption, the person shall ensure that the water is potable”.

AND WHEREAS by virtue of the foregoing, the above noted Drinking Water Supply is hereby declared **unfit for human consumption**;

NOW THEREFORE, I hereby **ORDER** and **DIRECT**:

1. That the Owner immediately issues a Boil Water Advisory to all users of the above noted Drinking Water Supply.
2. That the Owner immediately undertake and diligently pursue the completion of the following work in and about the above noted drinking water supply, namely:
 - a. Post do not drink advisory signs at all water fixtures.
 - b. Ensure that all users of the facility, including staff, have access to potable water from an approved source, or water that has been boiled for at least one minute, until an Executive Officer of Alberta Health Services confirms the water is safe for human consumption.
 - c. Provide hand sanitizer of at least 60% alcohol content with either a NPN (Natural Product Number) or DIN (Drug Identification Number) at handwashing sinks.
 - d. Ensure food processing and preparation is done with potable water from an approved source or with water that has been boiled for one minute.
 - e. Discard ice and any other food or drink items made with untreated water which will be served uncooked.
 - f. Ensure that all utensils, counters, and food contact surfaces are sanitized using an approved sanitizing step.
 - g. Discontinue use of pop machines, ice machines, and any other equipment directly plumbed to the water system.
 - h. Assess the water system for deficiencies and perform maintenance such as shock chlorination of drinking water components.
 - i. Flush all water lines once the shock chlorination procedure is completed.
 - j. Seven days after completion of the shock chlorination, submit two sets of microbiological water samples at least 24 hours apart to the Provincial Laboratory of Public Health from representative locations within the distribution system.
3. The work referred to in paragraph 2 (a-g) must be completed immediately.
4. That, until such time as the work referred to in paragraph 2 (h-k) is completed to the satisfaction

of the undersigned, or an executive officer of Alberta Health Services, and water samples submitted under 2 (j) are shown to be satisfactory, that this order shall remain in effect.

The above conditions were noted at the time of receipt of the report and may not necessarily reflect all deficiencies. You are advised that further work may be required to ensure full compliance with the Public Health Act and regulations, or to prevent a public health nuisance.

DATED at Spruce Grove, Alberta, September 21, 2026.

Confirmation of a verbal order issued to Gagan Jain on September 21, 2026.

Executive Officer, Alberta Health Services
