

ORDER OF AN EXECUTIVE OFFICER Boil Water Order

To: Peerless Trout First Nation
"the Owner"

RE: The Drinking Water Supply located in Trout Lake, Alberta and municipally described as:
Trout Lake Water Treatment Plant, Trout Lake, Alberta SW-34-86-04-W5 400 Highway
686

WHEREAS I, an **Executive Officer** of **Alberta Health Services**, have received a report about the above noted drinking water supply pursuant to the provisions of the Public Health Act, RSA 2000, c. P-37, as amended;

AND WHEREAS such report disclosed that the following conditions exist in and about the above noted drinking water supply which are or may become injurious or dangerous to the public health or which might hinder in any manner the prevention or suppression of disease, namely:

Drinking water in the distribution system may be unsafe for human consumption due to a loss of power to the water treatment plant for an extended period of time resulting in the inability to treat water and complete depressurization of the system.

AND WHEREAS such report disclosed that the following breaches of the Public Health Act Nuisance and General Sanitation Regulation, Alberta Regulation 243/2003 exist in and about the above noted Drinking Water Supply, namely:

- a. Drinking water in the distribution system may be unsafe for consumption due to a loss of power to the water treatment plant for an extended period of time resulting in the inability to treat water and complete depressurization of the system which is in contravention of the Nuisance and General Sanitation Regulation Section 11, which states "Where a person provided a source of water that the person intends to be used or realizes or ought to realize will be used by the public for human consumption, the person shall ensure that the water is potable".

AND WHEREAS by virtue of the foregoing, the above noted Drinking Water Supply is hereby declared **unfit for human consumption**;

NOW THEREFORE, I hereby **ORDER** and **DIRECT**:

1. That the Owner immediately issues a Boil Water Advisory to all users of the above noted Drinking Water Supply.
2. That the Owner immediately undertake and diligently pursue the completion of the following work in and about the above noted drinking water supply, namely:
 - a. Complete any necessary maintenance at the water treatment plant.

- b. Complete flushing of the distribution system prior to collecting microbiological water samples.
 - c. Submit two sets of water samples for microbiological analysis taken at least 24 hours apart at various locations along the distribution system. Results to be negative for the presence Total coliforms and E. coli.
3. That, until such time as the work referred to in paragraph 2 is completed to the satisfaction of the undersigned, or an executive officer of Alberta Health Services, that this order shall remain in effect.

The above conditions were noted at the time of receipt of the report and may not necessarily reflect all deficiencies. You are advised that further work may be required to ensure full compliance with the Public Health Act and regulations, or to prevent a public health nuisance.

DATED at Slave Lake, Alberta, 16 July 2025.

Confirmation of a verbal order issued to Yvette Noskiye on 16 July 2025

Executive Officer
Alberta Health Services

You have the right to appeal

A person who a) is directly affected by a decision of a Regional Health Authority, and
