## Key Message

- New and revised Transfusion Medicine resources are available on [www.ahs.ca/labtransfusion](http://www.ahs.ca/labtransfusion)
- These resources provide information to support safe and appropriate transfusion practice in alignment with the [AHS Transfusion of Blood Components and Blood Products Policy](#)

## Background

- Blood Component & Product Information / Monographs provide specific information required for obtaining, preparing, and transfusing blood components and products available in Alberta hospitals.

## Action Required

- Review the most current version of the applicable Blood Component or Product Information / Monograph before transfusion.
- Review the new resources for changes that impact your zones.
