RE:	Bulletin for Alberta Ordering Providers

PLEASE POST OR DISTRIBUTE AS WIDELY AS APPROPRIATE

Key Message

- DynaLIFE Medical Labs will begin providing expanded community laboratory service in cities and large towns across Alberta beginning December 5, 2022, under a new services agreement that was reached with Alberta Health Services (AHS) and Alberta Precision Laboratories (APL).

Background

- DynaLIFE was selected as the preferred private-sector partner to provide community lab service through a competitive request for proposals process that was launched in December 2020. The company has provided high-quality community lab service in Edmonton, Central Alberta, and several communities in AHS's North Zone for more than 25 years, under contract to AHS.

How this will impact you

- There are several changes that will impact patients and providers across the province. The referenced bulletin includes information for ordering providers on those changes.

Action Required

- Review [Bulletin for Alberta Ordering Providers](#) document for changes related to laboratory services that may impact you.
