Leaders in Laboratory Medicine

## Laboratory Services– Calgary Locations.

### PLEASE READ PRIOR TO YOUR LAB VISIT:

Alberta Precision Laboratories (APL) continues to work hard to deploy our laboratory resources in the safest and most efficient way possible. Many healthcare services are gradually returning to pre-COVID service levels. APL has returned to offering a combination of Walk In and Appointment services at the majority of our Calgary Patient Service Centers. Public Health guidelines continue to be followed at all locations. This document will provide you with a list of locations, services offered and information to help prepare for your visit. We thank you for your patience and your cooperation.

### During your laboratory visit:

- Arrive only 3-5 minutes prior to your appointment time.
- Do not bring additional family members/ friends unless necessary; laboratory waiting rooms have identified maximum number of occupants allowed.
- Follow instructions of laboratory staff and signage within the laboratory.
- You will be asked general health screen questions related to COVID-19 symptoms. Your answers help determine what safety protocols are needed to protect staff and other patients.
- If you are currently wearing a non – medical/homemade or previously used medical mask we will ask you to replace the mask with one that we will provide. Please inform staff if you are unable to wear a mask during your visit.
- You will need to maintain social distance at all times from other patients and staff, an exception will be made by a staff member during your procedure.
- You may be asked to queue outside the laboratory area or wait in your vehicle.
- During peak hours walk in patients may be asked to return at an alternate time.
