

Acute Laboratory Requisition

Alberta Precision Laboratories 1-877-868-6848
 DynaLIFE Medical Labs 1-800-661-9876 or 780-451-3702

Appointment Booking & Locations: www.albertaprecisionlabs.ca or www.dynalife.ca
 Important - Form is used for regular and downtime use. **Bold** and *italicized* fields contain critical data elements that must be reconciled for downtime.

Scanning Label or Accession # *(lab only)*

Do not use this as a patient requisition.

Refer for the APL Test Directory for current information on tube types, specimen requirements and specimen handling.

LEGEND

Blue Sodium Citrate

Gold SST

Mint PST (preferred but Gold SST is also acceptable)

Lavender EDTA

Refer to APL Test Directory for information

Hematology/Coagulation	Endocrine	Clinical Information
CBC and Differential CBC No Differential	Cortisol	
Reticulocyte Count	Random AM (0700-1000) PM (1500-1800)	
PTT INR Fibrinogen	Estradiol	
D-dimer Refer to APL Test Directory	Follicle Stimulating Hormone (FSH)	
General Chemistry	Luteinizing Hormone (LH)	Toxicology (Quantitative, Blood)
Albumin	Parathyroid Hormone (PTH)	Acetaminophen Level
Alkaline Phosphatase (ALP)	Progesterone	Salicylate Level
Alanine Aminotransferase (ALT)	Prolactin	Ethanol Level
Ammonia Refer to APL Test Directory	Testosterone, Total	Alcohol Panel (Ethylene Glycol, Methanol, Iso-propanol, Acetone)
Anti-Neutrophil Cytoplasmic Antibody (ANCA)	Thyroid Stimulating Hormone (TSH)	Therapeutic Drug Monitoring
Bilirubin, Total OR Total and Conjugated	Thyroid Stimulating Hormone (TSH), Progressive	Dose route Oral IV Other
B-Natriuretic Peptide (BNP or NT-Pro BNP)	Immunology/Serology	Dose Regimen _____
Refer to APL Test Directory	Hepatitis A Virus Acute Serology - IgM	How Long on Current Regimen? _____
Calcium	Hepatitis A Virus Immunity Serology - IgG	Date of Last Dose or IV Complete _____
Complement C3	Hepatitis B Surface Antigen	Time of Last Dose or IV Complete _____
Complement C4	Hepatitis B Surface Antibody	Date of Next Dose or IV Start _____
Creatine Kinase (CK)	Hepatitis C Virus Serology	Time of Next Dose or IV Start _____
Calcium, Ionized Refer to APL Test Directory	HIV 1 and 2 Serology (Antigen and Antibody)	Carbamazepine Phenytoin, Total
C-Reactive Protein (CRP)	Mononucleosis Screen	Cyclosporine pre dose Sirolimus
Creatinine (eGFR)	Refer to APL Test Directory	Cyclosporine 2 h post Tacrolimus
Electrolyte Panel OR Na K Cl CO2	Syphilis screen	Digoxin Theophylline
Ferritin	Urine	Lithium Valproate
Gamma Glutamyl Transferase (GGT)	Refer to APL Test Directory	Phenobarbital Other
Glucose, Random	Urinalysis	Antibiotics
Beta hCG, Quantitative	Pregnancy Test (HCG, Qualitative)	Amikacin Pre Post Other
Immunoglobulins: IgA IgG IgM	Osmolality	Gentamicin Pre Post Interval Other
Iron Overdose	Albumin* Random 24 h	Tobramycin Pre Post Interval Other
Iron and TIBC	Calcium* Random 24 h	Vancomycin Pre Other
Lactate Refer to APL Test Directory	Creatinine Random 24 h	Anticoagulant
Lactate Dehydrogenase (LD)	Cortisol 24 h	Anti-Xa - Unfractionated Heparin
Lipase	Electrolyte Panel Random 24 h	Anti-Xa - LMWH
Magnesium	Protein Total* Random 24 h	Anti-Xa - Apixaban
Osmolal Gap	Protein Electrophoresis Random 24 h	Anti-Xa - Rivaroxaban
Osmolality	*includes creatinine ratio	Sterile Body Fluids
Phosphate	Creatinine Clearance 24h Ht _____cm	Fluid Type: CSF OR Other Body Fluid
Total Protein	Wt _____kg	Source: _____
Triglycerides	24H Urine Total Volume	Test(s): Refer to APL Test Directory
Troponin Refer to APL Test Directory	Start Date _____ Start Time _____	
Urate	End Date _____ End Time _____	
Urea		

Additional Tests: Refer to APL Test Directory
