### Key Messages:

- The Andrology Laboratory in the Fertility and Women's Endocrine Clinic at the Royal Alexandra Hospital Site will be performing Semen Analysis testing by appointment only.

### Why this is important:

- Effective immediately, all patients must phone 780-735-5609 to book an appointment for semen analysis testing.
- The Andrology Laboratory will no longer be accepting specimens for semen analysis on a walk-in basis.

### Action Required:

- All physician offices must inform patients requiring a semen analysis to phone 780-735-5609 to book an appointment.
- New Semen Analysis requisitions with the updated information will be available shortly.

### Inquiries and feedback may be directed to:

- Dr. Peggy Sagle, Director – Division of Reproductive Endocrinology & Infertility, RAH at 780-735-5609
- Julie Chan, Medical Laboratory Technologist II- Andrology Laboratory, Fertility and Women's Endocrine Clinic, RAH at 780-735-5098, (Julie.Chan@albertahealthservices.ca)
