From: Dr. Ranjit Waghray, Clinical Section Chief Anatomic Pathology
Re: Anatomic Pathology Laboratory Relocation to McCaig Tower

PLEASE POST OR DISTRIBUTE AS WIDELY AS APPROPRIATE

Key Messages:

On November 16th at 07:30 the Anatomic Pathology laboratory will begin operating from its new location on the 7th floor of McCaig Tower within the FMC Campus.

Importance/Impact:

- All anatomic pathology specimens previously delivered to the FMC 11th floor, including those after hours, must be delivered to the new location on the 7th floor of McCaig Tower.
- All specimens other than anatomic pathology will continue to be sent to the Accession Department on the FMC 6th floor.

Action Required:

Access for specimen delivery will be via the McCaig east service elevators. Follow the signs to the anatomic pathology specimen drop-off location.

New location mailing address:

Anatomic Pathology
7th Floor, McCaig Tower
Foothills Medical Centre
1403 29 St NW
Calgary, AB T2N 2T9

New delivery/pickup address:
