For more information about health care options, programs and services, contact your local facility at the numbers provided below. Many programs and services, such as Addiction & Mental Health and Public Health, are available through your local health care centre.
We have a passion for your health. It’s why we do what we do. We know that you are passionate about good health, too. Your opinions, concerns and questions matter.

So, we’ve launched a project called Passion for Health where we can have face-to-face conversations with Albertans; share information on the health topics that interest you; and help you find the resources you need to be healthy.

Through our Passion for Health project, we are attending your community events, inviting you to our facilities through open houses to see what happens behind the scenes, hosting information sessions called “Apple Talks” and we are providing health information through a blog.

We also have a series of “Because You Cared” videos that have given Albertans a way to say thank you to the health providers who have made a significant difference in their lives.

Look for AHS staff and physicians in our Passion for Health booths at festivals and community events, and at Apple Talk forums, near you.

Share your passion for health with us and visit our Passion for Health website at www.ahs.ca/passionforhealth to find out more.

If you are experiencing a life-threatening emergency, call 911 or go immediately to the nearest emergency department.

HEALTH ADVISORY COUNCILS
Health Advisory Councils (HACs) are focused on one thing: listening to your thoughts and ideas on health care in Alberta. Yellowhead East and David Thompson are the two councils located in central Alberta. Councils act as a channel for information and feedback, and provide advice to Alberta Health Services. The Yellowhead East Health Advisory Council includes communities from Lloydminster to Camrose and Andrew to Provost. The David Thompson Health Advisory Council includes communities from Consort to Rocky Mountain House and Drayton Valley to Drumheller. For more information about the councils, please visit www.ahs.ca/hac.asp.

Patient and their families are the centre of everything we do and every decision we make.
