Pool Permit / Renovations Application

Checklist

The following supporting documents have been enclosed in accordance with section 7(3) of the Public Swimming Pools Regulation (AR 204/2014).

Note - Documents with (*) must be stamped by a professional engineer or architect.

- ☐ A copy of the permit issued under the Safety Codes Act
- ☐ Site Plan*
- ☐ Floor Plan*
- ☐ Structural Plan*
- ☐ Diagram showing the location and dimensions of the diving, swimming and deck areas*
- ☐ Mechanical Plan/Plumbing Schematic*
- ☐ Equipment Schedules* for each basin, play feature, sauna, steam room
- ☐ List of Chemicals
- ☐ Evidence of Pool Operator Training
- ☐ Signage
- ☐ Written Policies
- ☐ Anti-Entrapment Plan

The following definitions are found in sections 1 and 5 of the Public Swimming Pools Regulation (AR 204/2014) and part 2 and part 3, 1.1 of the Pool Standards, July 2014 (amended January 2018):

Owner: the owner of a pool.

Owner's Agent: the person designated as an owners' agent. Either the owner or the owner's agent must:

- (i) reside in Alberta;
- (ii) have care and control of the operation of the pool; and
- (iii) be readily available for contact by the regional health authority and to accept service, under the Public Health Act (RSA 2000, c. P-37), of orders, notices and other documents.

Public Swimming Pool: a structure that contains water that is used for recreational, therapeutic or other similar purposes and includes a swimming pool, wading pool, water spray park, whirlpool and any fountain or other artificially created pool of water.

Pool: a public swimming pool and the public swimming pool's premises.

Pool Operator: an individual who operates and maintains a pool on a day-to-day basis. The pool operator must be certified by a pool operator education organization approved by the Minister of Health. A pool operator is considered certified if, prior to November 30, 2014, the pool operator:

- (i) has successfully completed a pool operator course through the Alberta Association of Recreation Facility Personnel, the National Swimming Pool Foundation, or a regional health authority in Alberta; and
- (ii) is operating a pool or teaching a pool course.

Swimming Pool: a structure containing water that is deeper than 60 centimeters at its deepest point.

Wading Pool: a structure containing water, the depth of which is 60 centimeters or less throughout the structure.

Water Spray Park: a structure on which water is sprayed or released but does not accumulate.

Whirlpool: a structure containing water at a temperature above 30°C and that is not drained, cleaned and refilled before use by each individual, and utilizes hydro-jet circulation or air induction bubbles, or both.
